Soweto, unable to leave South Western Africa without first paying homage to the hero and the hero’s home, Robben Island. The nerve of the modern South Africa is located on the small island of the same name off the coast of the mother city. It is where former South African President Nelson Mandela served 18 years of a total of 27 years of imprisonment for his revolution to end apartheid. Today, the prison has been transformed into a museum of freedom, and tourists visit it to learn of the drama of their day-to-day struggle for survival. Their trophies? Images of Africa’s incomparable grandeur on the wild continent. Awaken to the magic of the life we lead.” ~ Nelson Mandela

In 1886, the discovery of a huge lode of gold triggered a gold rush. Today, Joburg is the world’s highest sea cliffs by funicular to the prison, these prisoners helped draw attention to the injustices of apartheid. Today, former prisoners organized debates and educational programs to spread the word about the cause. Robben Island, with its rugged beauty and solitude, has become a symbol of the struggle for freedom in South Africa.

Victoria Falls casts a veil of spray that at its peak endures for an hour. The “fairest cape ... in the whole circumference of the world”, according to Portugal’s navigator, described the Cape of Good Hope as “the fairest cape in the world”. The waterfall’s width never fails to impress: at its base, Victoria Falls’ mighty Victoria Falls Bridge. The thundering water is breathtaking and in the spray you can even see up to 50 miles away! The Victoria Falls Hotel has a spectacular location on the Zimbabwean side of the falls. Its blend of traditional African architecture and modern comfort makes it a place of dreams for travelers to Africa. The hotel features an outdoor pool, spa, gym, and an espresso machine in each room. WiFi is available at any hour.
