Expedition to Antarctica

Aboard the Deluxe M.S. Le Lyrial

January 11-25, 2016

Featuring
UCLA Professor Ann Carlson, School of Law
Dear UCLA Alumni and Friends,

“Everything wears an aspect of unreality,” Ernest Shackleton wrote. “Icebergs hang upside down in the sky, the land appears as layers of silvery or golden cloud, cloud banks look like land, and icebergs masquerade as islands.” Discover how normal human scales and reference points disappear amid the grandeur of nature in its most pristine form. From the long sunrises that paint the icescape in soft shades of pink and gold to the lingering light of the austral summer, humpback whales, leopard seals and Adélie penguins mingle amid glimmering turquoise glaciers and sparkling icebergs. Antarctica’s spectacular illuminations reveal the contrasts and marvels of the most unique place on Earth to those fortunate enough to visit.

Retrace the sea-lanes traveled by storied explorers Ernest Shackleton, Roald Amundsen and Robert Falcon Scott as they sought out the final frontier of “The White Continent” on this extraordinary 15-day program featuring a 10-night cruise aboard the state-of-the-art, Five-Star, ice-class M.S. LE LYRIAL (launching in 2015). With only 90 Staterooms and Suites on this special expedition, it showcases private balconies in 95 percent of the all ocean-view, deluxe accommodations, encompassing a new generation of ship design and technology and sets the highest standards in elegance and comfort.

In addition to UCLA Professor Ann Carlson, the experience will be enhanced by a comprehensive schedule of exclusive and specially arranged lectures. The onboard expedition team of expert naturalists will guide you on excursions aboard sturdy Zodiac craft to explore the intricate ecosystems and marvelous nuances of the abundant wildlife found ashore.

This once-in-a-lifetime, comprehensive program is also the best Antarctic cruise value offered. It features the finest Five-Star accommodations available on an expedition ship, all excursions and all meals on board ship, and is simply an optimal cruising experience that has sold out quickly year after year. I urge you to place your reservation immediately, and call me personally if you have any questions about Antarctica as it is one of my favorite destinations.

Sincerely,

Christel Pailet
Director, Alumni Travel

Wildlife Conservation

The unique international Antarctic Treaty protects Antarctica’s wildlife and its natural habitats and provides a guide for visitors to this great continent, where no country has sovereignty.

To protect the fragile Antarctic environment, all travelers will go ashore in small groups, so as not to over visit rookeries, disturb nesting sites or disrupt research. All visitors will be asked to take—and leave—nothing ashore.

U.S.
Monday, January 11
Depart the U.S.

Buenos Aires, Argentina
Tuesday, January 12
Arrive in cosmopolitan Buenos Aires and check into the deluxe PLAZA HOTEL BUENOS AIRES overlooking the lovely Plaza San Martin park and adjacent to the chic boutique-lined Calle Florida. This evening, attend the Welcome Reception.

Buenos Aires
Wednesday, January 13
Buenos Aires, birthplace of the tango, is a city of diverse and dynamic barrios (neighborhoods). See the colorful La Boca district, Monserrat’s grand public buildings and historic Plaza de Mayo, Palermo’s lavish parks, Puerto Madero’s riverfront community and the charming old quarter of San Telmo. Visit the city’s historic Recoleta Cemetery, famous for its ornate vaults and sculptures and as the final resting place of the legendary Evita Perón, the former First Lady of Argentina.

Buenos Aires/Ushuaia
Thursday, January 14
This morning, fly to remote Ushuaia, the world’s southernmost city, the capital of Tierra del Fuego and the gateway to Antarctica. Enjoy an excursion to Tierra del Fuego National Park, the southernmost national park in the world, including lunch. This afternoon, embark M.S. LE LYRIAL and cruise through the Beagle Channel, named for the ship that carried Charles Darwin on his South American voyages. Attend the Captain’s Welcome Reception this evening.

Cover photo: Discover a magical world of stunning mountain vistas, abundant marine life and pristine seas on this journey of a lifetime.

Photo this page: Both captivating and entertaining, penguins are often the first to greet visitors on Antarctica’s shores.

The majestic albatross has a wingspan of up to 11 feet, enabling it to fly for hundreds of miles at a time.
Cruising Drake Passage
Friday, January 15
Cross the legendary Drake Passage. Upon reaching the Antarctic Convergence, watch for breaching fin, humpback and minke whales and seabirds feeding on plankton and krill brought to the surface by the cold Antarctic currents merging with the warmer waters of the South Pacific and Atlantic Oceans. The expedition team of naturalists will present insightful lectures to prepare you for your first landing in Antarctica.

Cruising Antarctica
Saturday, January 16 to Thursday, January 21
The ship cruises below the 60th parallel to the outer shores and islands of the Antarctic Peninsula, Earth’s last frontier. Here, explore some of the world’s most pristine wilderness, where towering mountains of ice and lava create precipitous coastlines and islands, and constantly changing patterns of ice stretch as far as the eye can see. In this seemingly harsh environment, a vast array of wildlife flourishes, including millions of penguins, countless seabirds and thousands of seals and whales. From spectacular volcanic topography and majestic glaciers to fascinating wildlife and historic outposts, this itinerary reveals the highlights of the region for the complete Antarctic experience.

Please note that the ship’s cruising pattern and positionings are dependent on weather, ice and sea conditions and are subject to change.

In contrast to sociable Adélie penguins, who congregate in large colonies, the leopard seal cherishes his solitude and independence.

In Paradise Bay, awesome cliffs of ice descend from the surrounding mountains into the floating iceberg-laden waters along the western coast of the Antarctic Peninsula. Named by 19th-century whalers who sought shelter in its coves, Paradise Bay is an ideal sanctuary for marine wildlife including humpback whales, crabeater seals and Cape petrels. Listen for the low rumbling of Rudolf Glacier as it calves chunks of ice into Neko Harbor, named for an early 20th-century whaling boat. The harbor is surrounded by soaring glaciers and snow-covered mountains and is one of the most dramatic and spectacular sights in Antarctica. Here, make your first “continental landing” in Antarctica.

Flanked by sheer cliffs of towering glaciers between the Antarctic Peninsula and Booth Island, Lemaire Channel offers views of seven majestic miles of mountains and wildlife combined with fascinating patterns of ice floes. Call on Pleneau Island and marvel at stunning iceberg formations and countless friendly gentoo penguins whose uninhibited interactions with each other on the glacially smoothed rock terraces provide endless amusement.

Cruise into Booth Island’s historic Port Charcot, where Jean-Baptiste Charcot’s 1904 expedition wintered. On the rocky shore, see nesting gentoo penguins and look for chinstrap and Adélie penguins.

Continue through impressive Lemaire Channel to Port Lockroy, originally constructed in 1944 by an eight-man team as an intelligence post for British espionage during World War II, the port was converted into a whaling station and scientific base in the 1950s. It is nestled among glistening mountain peaks as high as 6000 feet, and the surrounding grounds are populated by blue-eyed shags and gentoo penguins.
Gain insight into the lives of past explorers at the British Antarctic Survey Museum and mail a postcard stamped with an Antarctica postmark from the official British Post Office. Later, cruise through breathtaking, glacier-lined Deception Channel.

Deception Island, the actual rim of a massive dormant volcano crater that encircles a caldera known as Port Foster, is where the ship enters through dramatic Neptune’s Bellows, a sublime harbor ringed by snowcapped peaks and sheer cliffs.

In Pendulum Cove, see the steaming, geothermally heated waters of the Antarctic. Observe the amazing colony of tens of thousands of chinstrap penguins at Baily Head. Then walk along the black sand beaches of Telefon Bay to nearby craters, which offer fascinating insight into the volcanic activity that created the island and played a pivotal role in the natural history of the region.

Cruise the Weddell Sea and see the enormous tabular icebergs that have calved from the Larsen Ice Shelf. Be on deck to look for flourishing marine life, including the colony of friendly Adélie penguins, Weddell seals and wandering albatross.

Cruising Drake Passage/
Cape Horn, Chile
Friday January 22 and Saturday, January 23
Relax and reflect on board as the ship turns north and crosses the Drake Passage. Enjoy lively, informative discussions with the ship’s naturalists. Watch for endangered albatross and the many different species of petrels as you cruise across the Antarctic Convergence and past Cape Horn, the southernmost point of South America and a milestone on world trade routes from the 18th century until the opening of the Panama Canal in 1914. Attend the Captain’s Farewell Reception.

Ushuaia, Argentina/
Buenos Aires
Sunday, January 24
Disembark and fly to Buenos Aires. Continue on the Iguazú Falls Post-Program Option with an overnight stay in Buenos Aires, or depart for the U.S.

U.S.
Monday, January 25
Arrive in the U.S.

A visit to Antarctica offers an unparalleled opportunity to get an up-close view of chinstrap penguins in their natural habitat.

Left: Weighing up to 50 tons, this breaching humpback whale migrates to Antarctic waters to feed during the austral summer.

Iguazú Falls
Post-Program Option
January 24 to 28

The UNESCO World Heritage site of Iguazú Falls, one of the most incredible wonders of nature along the Brazil-Argentina frontier, features more than 275 spectacular waterfalls cascading from heights of 270 feet through the breathtaking virgin rainforest. Walk among the Argentine Falls and admire magnificent panoramic views of Devil’s Gorge, the highest of the falls. The lush jungle setting of Parque das Aves is a nature lover’s paradise as it is home to more than 350 species of birds, 66 varieties of mammals and a mind-boggling array of reptiles, fish, butterflies and flora. This exclusive three-night Post-Program Option features one night of accommodations at the deluxe Plaza Hotel Buenos Aires and two nights in the deluxe Sheraton Iguazú Resort & Spa. Buenos Aires round-trip airfare is included.

Post-Program Option is available at additional cost. Details will be provided with your reservation confirmation.
