Dear UCLA Alumni and Friends,

Please join us in Provence and the French Riviera as we experience the best of southern France. During your nine-night stay, enjoy a range of excursions that showcase the region's heritage and rich religious past, the grand architectural ruins of the Roman era in Avignon, the strong cultural impact of the City of Light for underprivileged teaching, and, among other honors, a Fellow of the British Academy. He has taught Renaissance and early Modernist literature and notably Shakespeare and Chaucer here for over forty years and has lectured and written on Renaissance humanism, philosophy, and theology. Though the bulk of his scholarly contributions has been in the history of Platonism at the court of Leonardo da Vinci, he has studied and taught the great authors of the French Renaissance, including Bernard, Bremond, and Montaigne, and lives a Montecristo. And the unattainable Riviera here has been the habit of UCRA Alumni groups, now recently to Turkey, north Africa, Apulia, Sicily and southern Spain. During your travels, you’ll also gain a deeper appreciation of the people and the culture from expert local guides. At the same time, we will appreciate the security value and true group travel, as well as opportunities for exploring in your own way. This tour is for you! Please join us for this unique program today!
